Installation

- Begin by unpacking and removing all components and hardware. Please verify that all hardware and mounting components are present. Reference your original order invoice and verify all items are accounted for.
- 4) Collect the MP1 plates and Speed Clips. Assemble MP1 Plate as shown.

Figure 5: Assembly of MP1 Plates and Speed Clips

- 5) Using one of the assembled MP1 plates, partially thread one M10 x 35mm bolt with a 7/16" washer into the speed clip. Insert it into a slot with the greatest clearance above it (2 or 3).
 - a) When using a mounting hole (1 or 4) place the MP1 plate without the bolt threaded in from above. See figures below.
